

Instructions For Reinstating a Pharmacy Technician Registration

It is unlawful for a person to perform pharmacy technician duties with an expired, lapsed, suspended, or revoked registration.

Expired registrations:

Pharmacy technician registrations expire annually on December 31. **For up to one year** after a registration expires the pharmacy technician may renew that registration by submitting the renewal online, payment of the current active renewal fee and late fee, and attesting to the completion of the required 5 hours of continuing education during the previous year..

Lapsed registrations:

After one year, the registration lapses and the pharmacy technician must then apply for reinstatement, pay the current active renewal fee of \$35 plus the reinstatement fee of \$45 for a total of \$80. To reinstate, the pharmacy technician must provide original certificates of approved CE credits. Any hours obtained in the current year needed to reinstate may not also be used to meet CE requirements for the current year to renew for the next year. Pharmacy technicians must submit certificates totaling 5 hours approved CE for the last year that the registration was in current active status (the year that the registration expired) and for each subsequent year that the registration was expired/lapsed. CE certificates must be dated no earlier than the year that the registration expired. In lieu of submitting original certificates, pharmacy technicians may also submit the summary of their ACPE accredited CE's found on CPE Monitor at www.nabp.pharmacy. Please submit the "transcript of CPE activity" to demonstrate the completion of continuing education credits. **See example below.*

Suspended/Revoked registrations:

Except for mandatory, summary, or returned check suspensions, pharmacy technicians who have had their registrations suspended or revoked must apply for reinstatement, pay a \$165 reinstatement fee, and provide original certificates of 5 hours CE for each year since the registration was last in a current active status as described above. **See example below.*

Any pharmacy technician who fails to reinstate his registration within 5 years must retake an approved pharmacy technician training course and pass the Board approved examination, or hold current PTCB certification, and complete a new application to the Board for registration.

[Example: registration expires or is suspended on 12/31/2014 and the pharmacy technician applies for reinstatement on 3/1/2017. Total CE hours needed to reinstate = 5 hours each for 2014, 2015, and 2016 for a total of 15 hours. No hours may be dated prior to 1/1/2014 and any dated 2017 used to reinstate may not be used to meet the 2017 requirement to renew for 2018]

Pharmacy Technician Reinstatement Application

Virginia Department of
Health Professions
Board of Pharmacy

9960 Mayland Drive, Suite 300
Henrico, Virginia 23233
(804) 367-4456 (Tel)
