

AREA OF GRADUATE STUDY VERIFICATION OF REQUIRED COURSEWORK SCHOOL PSYCHOLOGIST

If your degree is not from a program accredited by the APA, CAEP, or NASP, this form must be submitted to document the courses you would like considered to meet the educational requirements for school psychology licensure.

INSTRUCTIONS

Please review the [Regulations Governing the Practice of Psychology](#) for detailed education requirements.

Please indicate the course(s) you would like considered to meet the educational requirements. Core curriculum must contain a minimum of three graduate semester hours or five graduate quarter hours in each of the substantive content areas. **A graduate course cannot be counted for more than one core curriculum content area.** Designate semester hours with a "S" and quarter hours with a "Q". If a course title is not clearly titled on the transcript, please attach college catalog description(s) or course syllabi. Practica content areas do not have to be represented by distinct course numbers. One practicum that covers all three content areas is acceptable if required graduate coursework hours are met.

All information provided is subject to Board review and approval. This form must be completed, writing 'see attached documents' will not be accepted and will delay the review of your application.

Applicant Information

Applicant's Name (Last, First, Middle)

Applicant's Student ID Number

Last 4 digits of Social Security Number:

XXX-XX- ____ _

Course Information

1. **Psychological foundations** (e.g., biological bases of behavior, human learning, social and cultural bases of behavior, child and adolescent development, individual differences).
