Agreement

By signing below, I acknowledge that I have reviewed and agree to abide by the terms of the VASAP Ignition Interlock Participation Agreement and all laws related to the Virginia Interlock program published in the Virginia Code.

All VASAP ignition interlock participants are required to abide by the following conditions:

1. ASAP clients convicted of a DUI 1st offense must install an ignition interlock on any vehicle they operate, unless otherwise ordered by the court. ASAP clients convicted of a DUI 2nd or subsequent offense must install an ignition interlock on any vehicle they operate, and any vehicle registered or titled to them, in whole or in part. _____
2. Both court-ordered and DMV administrative interlock clients are required to complete enrollment with a local ASAP to open a case for ASAP interlock monitoring services. _____
3. For DMV administrative interlock cases, the ASAP interlock monitoring fee is \$50 per month. The ASAP will not successfully satisfy any interlock requirement with the DMV in which the ASAP fee balance is not paid in full. Clients who have an ASAP fee balance 60-days or more in arrears are subject to having their interlock monitoring services terminated by the ASAP. _____
4. Clients under any ignition interlock requirement must notify the ASAP immediately if they register or title a new vehicle. The new vehicle must have an ASAP approved interlock device installed within 10 calendar days of registering or titling the vehicle, if related to a DUI 2nd or subsequent conviction, a DUI 1st where the court required interlock installed on all vehicles, or a DUI 1st conviction where the client intends to operate the vehicle. Failure to install ignition interlock on all required vehicles may result in a DMV license suspension, an interruption in client eligibility to earn installed interlock credit, or the loss and reset of all previously accrued installed interlock credit. The client will not be eligible to begin earning installed interlock credit until an interlock is installed on all required vehicles and the client is once again in a compliant status with Virginia DMV ("Licensed" for Virginia drivers, "Not Licensed-No Fees Owed" for out of state license holders). _____
5. Court-ordered ASAP clients seeking an exemption to drive an employer's vehicle without an interlock installed must have the employer petition the court. The client must not be in control or ownership of the business in whole or in part. If an employer exemption is granted within a restricted license issued by the Court, the client is still required to install an interlock in a personal vehicle, achieve proper licensure with Virginia DMV, and achieve compliance with their home state of licensure to satisfy the requirement. If approved by the court, ASAP clients, and their employer, must complete the VASAP Ignition Interlock Program Employment Exemption Application in full and promptly return it to their servicing ASAP. _____
6. The Court-ordered interlock device must be installed within 30 days of the effective date on the DC-266 Ignition Interlock Order Form. The interlock device must be calibrated at least every 30 days per Virginia Code 18.2-270.1. _____
7. ASAP clients installing interlock in a vehicle they do not own must submit a completed "VASAP Ignition Interlock Consent to Install Form" to the interlock technician at installation. The document must be notarized unless the owner of the vehicle will be present at the installation appointment. _____
8. ASAP clients are not permitted to change interlock vendors after device installation unless approved by the Commission on VASAP. _____

9. Installed ignition interlock credit for court-ordered interlock clients cannot be earned if a client has a suspended, revoked, or not eligible status with Virginia DMV or their home state of licensure. ASAP clients under a court-ordered interlock requirement must comply with all terms of the court-issued restricted license order (DC265) and all licensing requirements of the DMV to earn installed interlock credit. ____
10. The court-issued restricted license order (DC265) document shall expire 60 days from the effective date on the originally issued order unless accompanied by a valid hard copy license from Virginia DMV. Driver's licensed in another state at the time of the Virginia DUI conviction must also meet the 60-day compliance requirements with Virginia DMV by achieving a "Not Licensed-No Fees Owed" status with the Virginia DMV and by obtaining a valid hard-copy picture driver's license from their home state of licensure. ____
11. Installed ignition interlock credit for DMV administrative clients cannot be earned if a client has a suspended, revoked, or not eligible status with Virginia DMV or their home state of licensure. In addition, ASAP clients under a DMV interlock requirement, cannot begin to earn installed interlock credit until the date they obtain a valid, hard copy picture driver's license from the Virginia DMV. Clients licensed another state must comply with all requirements of the Virginia DMV for out-of-state drivers, by achieving a "Not Licensed-No Fees Owed", status with the Virginia DMV and obtaining a valid hard-copy picture driver's license from their home state of licensure before they can begin earning installed interlock credit. ____
12. For all installed ignition interlock clients, failure to maintain compliance with DMV requirements in Virginia, and in your home state of licensure, can result in a suspension of license and an interruption of earned installed ignition interlock credit. Clients will begin earning installed ignition interlock credit once they have complied with all outstanding requirements of the DMV in Virginia and their home state of licensure. The days of ineligibility to earn installed ignition interlock credit will be tolled upon the end of the initial required term of ignition interlock. ____
13. ASAP clients, while in proximity of the ignition interlock, are required to avoid substances which may contain alcohols and avoid using any substances, whatsoever, other than water, within 15 minutes prior to providing a breath test into the interlock device. In addition, all smoking substances should be avoided while using the ignition interlock to prevent potential damage to the fuel cell. ____
14. Breath test readings above the fail point of 0.02%, and skipped rolling re-tests, are considered violations. Clients are required to provide a second breath sample within 15 minutes of any failed or skipped test. The second breath sample provides the ASAP with additional information to determine if the failed, or skipped, breath test was due to consumed alcohol. ____
15. ASAP clients are solely responsible for all activity on the interlock device. The photos collected by the camera installed in the vehicle may be used to prove otherwise. All situations in which the person providing a breath sample on the device, or the device itself, are not clearly visible and identifiable in the photos captured by the interlock camera will be considered interlock violations. ASAP clients who permit another person to supply a breath test on the interlock device, in an attempt to start the vehicle on behalf of the client or an attempt to clear a violation breath sample given by the client, violate Virginia Code 18.2-270.1. The client and any involved parties may be charged with a Class 1 misdemeanor. ____
16. If requested, ASAP clients are required to submit formal documentation from any vehicle maintenance or repair facility to the ASAP documenting the type of service performed along with the vehicle's dates and times in and out of the repair facility. ____
17. Pursuant to Va. Code § 17.1-612, ASAP clients who directly, or indirectly, subpoena staff members of the VASAP state office for testimony at any court hearing may be subject to payment of the witness's daily mileage and toll expenses. ____
18. ASAP clients agree that ASAP is the custodian of record of ignition interlock reports generated from the interlock device data contained in the interlock provider's server, which is made at or near the time of the occurrence of the event(s) set forth therein, and that such reports and records are kept in the ordinary course of regularly conducted business activity of monitoring ASAP interlock clients, and that such records are made by ASAP caseworkers as a regular practice in monitoring a client's compliance with the interlock. ____
19. ASAP clients are required to complete their final calibration on or after their interlock compliance end date. No interlock device shall be removed without ASAP authorization. ____
20. These conditions and terms will remain in effect until successful completion of all court and/or DMV ignition interlock requirements. By signing below, I acknowledge that I have received a copy of and understand all conditions and information contained in this Ignition Interlock Participation Agreement. ____
21. If you have pre-enrolled for ignition interlock services, the ASAP will send a letter to the court on the date of your DUI hearing providing the court with the date of your ASAP pre-enrollment, the date of your interlock installation, and any interlock violations if incurred. ____
