***Lawn fertilizer** means any fertilizer intended for nonagricultural use on newly established turf areas from sod or seed during the first growing season, turf areas being repaired or renovated, and turf areas where soil tests performed within the past three years indicate a nutrient deficiency.

****Lawn maintenance fertilizer** means any fertilizer intended for the nonagricultural routine maintenance of turf.

To the best of my knowledge, this is a true and accurate report of the application of lawn fertilizer and lawn maintenance fertilizer to nonagricultural lands by the permit holder or state agency, locality, or other governmental agency listed above.
