

**DEQ Form YW-2  
Exempt Yard Waste Composting  
ANNUAL REPORT**

Owners or operators of an agricultural composting operation receiving only yard waste, who are exempt from permitting requirements, and who receive **more than 6,000 cubic yards** of Category I yard waste and manures from herbivorous animals generated from property not within control of the owner or operator in any twelve months period, shall submit to the Dept. of Environmental Quality an Annual Report describing the volume and types of yard waste received for composting. Completion and filing of this form by **April 1** will constitute compliance with the statutory requirement and Virginia Solid Waste Management Regulation 9VAC20-81-397.B.2.d for the preceding twelve months, **January 1 through December 31**.

Year Ending:
